If you are part of the OverDrive Provincial Consortium but also purchased titles from another provider (e.g. cloudLibrary*, Axis360), please add your own holdings to the figures that we have provided in sections C0.3.5 - C0.3.8.

Part #3 – E-Resources

This chart on the next page shows the number of individual electronic periodical titles (where applicable) for products/subscriptions which were purchased through “Provincial Licensing”.

Be aware that there are some products/subscriptions from the Provincial Licensing offer which do **not** have individual periodical subscriptions. If you have any of these titles (shown below) in your collection, you would mark them as “one (1) item” in “**Section C3.2.0 – Databases and Database Subscriptions**” (under either English or French):

- Career Cruising
- From EBSCO - any database not shown on the next page (e.g. NovelList & NovelList K-8, AutoMate, Small Engine Repair Reference Center, Canadian Points of View Reference Centre, Library Aware)
- From Wright Digital – PebbleGo, Kermode
- From Britannica - ImageQuest
- From Gale - any database not shown on the next page
- From ProQuest - Ancestry Library Edition, CultureGrams, HeritageQuest Online
- All World Book databases
- All World Trade Press databases
- Teen Health and Wellness

This chart shows the number of individual electronic periodical titles (where applicable) for products/subscriptions purchased through “Provincial Licensing”.

- For each product ordered, add the numbers provided below to section “**C3.2.4 – No. of Individual Electronic Periodicals Titles**”.
- For each product ordered, you will also add a “one” to section “**C3.2.0 Databases and Database Subscriptions**” until you have the cumulative number reflecting your holdings.

Part #3 – E-Resources (continued)

Notes and Examples:

1. In Section C, you will need to keep adding the numbers for the holdings you have until you reach the total number required. For example, if the Trillium Library has one local database for local history that it created, one database for local social service agencies that it helps to update PLUS subscribes to two (2) E-resources (MasterFILE Premier and Canadian Reference Center) through Provincial Licensing, it would show 4 in line C3.2.0 (English column) as all are primarily English and you only want to count these once. The Trillium Public Library would also show the following in row C3.2.4 - show 2100 in the English column of line C3.2.4 (the total of 1579 periodical titles in MasterFILE Premier and 521 periodical titles in Canadian Reference Centre and 0 periodical titles for the two local databases); show 21 in number of individual French titles (4 in MasterFILE Premier and 17 in Canadian Reference Center) and 5 in 'other' column– as shown in the example below.

C.3.0 Periodicals, Databases and Downloadable Items	English	French	Other
C3.2 Electronic Resources			
C3.2.0 Databases and Database Subscriptions	4	0	0
C3.2.4 – No. of individual electronic periodical titles	2100	21	5

2. If you **subscribe to services such as Hoopla, Kanopy, Freegal, Freading, OverDrive Magazines, IndieFlix, Flipster, Naxos** the Ministry does not require that you record the number of individual titles in those collections. These services are recorded in “**C4.0- Streaming and Downloading services and subscriptions**”. If you have them, answer “Yes” in C4.1 “Does your library offer Downloading and Streaming Services” and then in C4.2, indicate the number of services, with **each** separate service counting as “one”.
